Rule 1
Start HEN-Design at Pinch
Rule 2
$N_{out} \geq N_{in}$
No
Split Stream out
Yes
Rule 3
Determine largest CP_{in}
Rule 4
$CP_{out} \geq CP_{in}$
No
Split Stream in
Yes (place HEX)
Rule 5
Tick off Driving Force
Rule 6
Continue with next largest CP_{in}
$CP_{out} \geq CP_{in}$
No
Split Stream in
No
Yes (place HEX)
*
* are all streams «in» for the subsystem (above or below pinch) handled?
Yes
Rule 7
Continue with next Stream «in» closest to the pinch
